## Important Tips for Success!

- » You must have a strong, stable Wi-Fi connection.
  - » If you do not have a strong connection, try changing physical location to help ensure a strong connection.
- » If you use a desktop computer or laptop, you'll need a built-in camera and microphone/speakers. You can also use an external camera plug-in, and headphones.
- » Your computer/laptop should be charged. You should not be in power saving mode or have low battery.

**A note about security:** MySparrow/MyChart is a secure portal for patient visits that utilizes Epic Video Client for Video Visits. Enhanced security measures include encryption, meeting IDs, and secure configurations to ensure your Virtual Health visit is private and secure. This ensures that only your healthcare providers and you will be admitted to **your** visit. Sparrow's Information Security team regularly monitors Epic Video Client for any security concerns that might arise.
